THE JOY OF HOMEMADE

WARNING

Keep away from children's reach

MATERIALS

Ceramic blade: Zirconium Oxide. Is extremely hard, wear resistant, and chemically inert.

Handle: ABS+TPR

STORAGE

Store your ceramic knives in the wooden block. It will keep it dry and safe. When inserting or removing the knife, be careful not to damage the edge or tip.

HANDLING

Use your ceramic knife for slicing or cutting soft foods only. Not chopping.

Use a soft cutting board: plastic and wood work well.

Avoid glass and marble cutting boards.

Avoid turning the blade on its side to smash garlic or other items.

Do not use the dish-washer. Hand wash using a mild dish washing liquid and water.

Blade will potentially break at the tip if its dropped on a hard surface at a certain angle.
